

| Technische Daten / technical specifications                |  |
|--|--|
| max. Traglast pro Hubstütze / max. load per lifting column | 1'500 N                                      |
| max. Systembelastung / max. system load                    | 6'000 N                                      |
| max. statische Zugbelastung / max. static tensile load     | 1'500 N                                      |
| max. Hub / max. stroke                                     | 400 mm                                       |
| Hubgeschwindigkeit / lifting speed                         | 9 mm/s                                       |
| Aluminiumprofile / aluminium profiles                      | farblos eloxiert / colorless anodized        |
| Standrohre / standpipes                                    | Stahl / steel                                |
| Führungsart / type of guidance                             | Gleitführung (Kunststoff) / slide (plastics) |
